AUBURN HIGH SCHOOL STUDENT HANDBOOK

The purpose of this book is to make known to faculty, students, parents/guardians, and the residents of Auburn Unit District #10 the rules, regulations, and policies by which Auburn High School will be governed. Also, much information is contained in this book which will help all who read it to have a better understanding of the purpose and mission of our schools.

This book has been compiled by the administrators, school board, faculty and citizens committee of the Auburn community. It has been adopted as official policy by the Auburn Community Unit #10 School Board.

The Auburn school administration is charged with the execution of this policy and is given reasonable leeway in making decisions when performing their duties. All situations and circumstances cannot be covered by this book. Therefore, many times they must use their professional judgment to do what in their opinion is best for the students, faculty, school, and community.

If students, parents, or community residents have a question concerning decisions made in our school buildings, it is best to first contact the faculty person or building principal who was directly involved in making the decision. If your questions are not satisfactorily answered at this level, arrangements will be made for a conference with the superintendent and/or the school board.

Patrons of this school are cordially invited to visit our schools at any time. We ask that visitors report to the office so that your presence is known, and a visitor's pass can be issued to you.

It is important that faculty, students, and parents are especially familiar with the contents of this policy handbook. In order to facilitate this, most of this booklet is reviewed with the students by the principal early in the school year, and the students are given a copy to read and take home. Students must return to the school office a slip signed by their parent/guardian signifying that a copy has been received in their home.

In addition, copies of this policy book are readily available in the principal's and counselor's office for students to use and review at any time.

HIGH SCHOOL MISSION STATEMENT

The goal of Auburn High School is to help all students develop the knowledge, understanding, skills and positive attitudes that will assist them in becoming productive citizens.

AUBURN SCHOOL DISTRICT #10

Auburn High School is located in the Auburn Community Unit School District #10. Other schools in the district are Auburn Junior High School (6-8), Auburn Middle School (3-5) and Auburn Elementary School (K-2).

RESPECT FOR TEACHERS AND FELLOW STUDENTS

The teachers have been employed by the Board of Education after careful investigation, interviews, and consultation. They all have completed four or more years of college preparation in order to teach. They are fully experienced and better informed than most students. They deserve, and we shall require, proper **respect** and courtesy to them by all students. They shall be addressed as Mr., Miss, or Mrs. as the case may be. Students should also respect the rights and privileges of fellow students. Your experience in this school should prepare you to live a good life. In fact, this school is life itself. Therefore, we should recognize and respect the abilities and achievements of our fellow students. We should never ridicule mistakes or shortcomings because none of us are without some of our own. Kindness, thoughtfulness and consideration of others will make all our lives enjoyable here in the Auburn schools.

HIGH SCHOOL OPENING AND CLOSING

For students attending early-bird classes, the building will be open at 7:20 a.m. for a 7:30 start. For all other students, the building will be open from 7:55 a.m. until 3:40 p.m. Students are requested not to come earlier or stay later than these hours unless gaining specific permission from a member of the faculty. In case of bad weather, these hours may be altered for the convenience of the students and faculty.

Students should make themselves totally aware of the class schedule as it is printed each year especially noting their own schedule, room assignments, and class period time for beginning and ending. There will be a warning bell at five minutes before a tardy bell in the morning and afternoon. Those students who stay for practices after 3:40 p.m. or arrive prior to 8:00 a.m. must be with their coach or sponsor. If no sponsor is present, students may not remain in the building. Teachers will stay until 3:40 p.m. to help students and/or meet with parents. Teachers shall be in their rooms by 8:05 a.m.

EMERGENCY SCHOOL CLOSING OR EARLY RELEASE OF STUDENTS

In case of emergency closing, delayed starting time, or early release of students because of bad weather, water problems, furnace problems, etc., announcements will be made as soon as a decision has been made on several Springfield radio and television stations. If no report about the Auburn School is heard, school will be in session. Do not call the school office if no announcement is heard.

Announcements for early school closing for seminars, faculty meetings, institutes, in-service meetings for teachers, etc. will be made usually several days in advance of the meeting via the P.A. system, daily bulletins or notes to students.

STUDENT INFORMATION SHEET

All students must complete the information sheet which will be provided early in the school year. It is absolutely necessary that we have this information in the Principal's office so that it can be used when a student requests early dismissal or becomes ill or injured. New students are to complete this form upon registration for attendance at Auburn High School.

CHANGE OF ADDRESS - INFORMATION SHEET

All changes of address and telephone numbers must be reported to the high school office immediately. If you did not fill out a personal information sheet at the beginning of the school year during registration, please do so soon after school starts prior to the second full week of school.

ADMISSIONS TO AUBURN HIGH SCHOOL/LEGAL GUARDIANSHIP

In order to be admitted to Auburn High School, a student must be able to show graduation/completion of the eighth grade or a transcript verifying attendance in a high school and prove residence in the district.

Students must live with a parent or legal guardian in order to attend Auburn Schools. The definition of a legal guardian as far as Auburn Schools are concerned is as follows: "Only a person appointed as Guardian of a resident student by Order of the Seventh Judicial Circuit Court, Sangamon

County, Illinois, is the legal guardian described in the Board Policy Book. A school district resident shall not be recognized as guardian of a resident student until a certified copy of Letters of Guardianship Issued by the Clerk of said Court is delivered to the School Office."

Note: Guardianship papers legally consummated in any legal court system will also be accepted as evidence of legal guardianship when such legal papers are delivered to the school office. All other students will be charged tuition to attend Auburn Schools unless special dispensation is made by the school board and administration.

TRANSFER STUDENT--GOOD STANDING POLICY

A transfer student from any public or private school, in this or any other state, who is currently out of school due to a suspension or expulsion, must complete the entire term of the suspension or expulsion imposed by the school from which the student is transferring before being admitted into the Auburn Community Unit District #10 schools.

EXCUSED ABSENCES

In order for a student to obtain an "excused" absence to re-enter class after having been absent, the following steps must be followed:

1. A parent or guardian must call the high school office on the day of the tardiness or absence to report the reason for the student missing school. Parents (guardians) are encouraged to call the office prior to 8:10 A.M. on the day of the absence or tardy.
2. Parents (guardians) should contact the office between 7:30 a.m. and 12 noon. Absences not cleared within a 24-hour period may result in unexcused absences or tardies.
3. If the telephone explanation falls within the guidelines for which tardiness or absences are excused, the T/A will be an "excused" one. If it does not fall within the guidelines or the proper procedure is not followed, the T/A will be "unexcused". If no phone call is received, the absence will be unexcused. It is the student's responsibility to see that parents call the school office when the student is absent or tardy.
4. If your family doesn't have a phone, please see the principal or attendance officer to make arrangements for reporting absences/tardies.
5. For a student to be excused from a single class period or study hall period after being in school, his name must be on the sign-out sheet in the office or on a properly authorized school trip list. If a student misses a class or study hall without following proper procedure, the time missed must be made up before or after school in the study hall or in the classroom. The student will receive I's (Incomplete) on their grade reports until the time is "made-up".
6. It is mandatory that teachers keep attendance records in their grade book for all classes and study halls. These will be collected and filed at the end of the school year for auditing reference.
7. Once a student has accumulated **nine (9)** absences for the year they must have a written doctor's note for any additional absences and turned in to the office within 24 hours or absences will be declared unexcused. Extenuating circumstances should be discussed with the principal.
(105 ILCS 5/26-2a School Code)

ABSENT FROM SCHOOL

The legal obligation for regular and continuous school attendance rests with the parents. Irregularity in school attendance is a serious handicap to the progress of the pupil. Absences from school may be excused for the following reasons:

1. Illness of the student or illness of a parent or guardian.
2. Doctor or dental appointment which has been approved in advance by the principal. Parents must call requesting early dismissal on the day needed or prior to the day needed. A signed slip from the doctor's office should be turned in upon returning.
3. Required attendance at a religious service or funeral.
4. Taking a driver's examination if it cannot be done at any other time than when school is in session.
5. Required appearance in court as evidenced by a court summons or court order/attorney request.
6. Participation in a school sponsored/approved event, including field trips, college visits, and job shadowing opportunities.

Any question as to an absence being excused or unexcused is determined by school administration.

NOTE: Working, oversleeping, on a family trip without prior arrangements, studying at home, running out of gas, and shopping are examples of unacceptable reasons for an excused absence. All requests for an excused absence are not necessarily accepted by the school as a good reason for an excused absence.

All requests for early dismissal should be made in the morning before school starts. Before leaving for any appointment, the student must be signed out of the office by an adult office supervisor.

The word "principal" in this section also means "authorized office personnel".

TRUANCY OR UNEXCUSED ABSENCES

A student whose absence from school for even a class period or Advisory period does not apply within the "excused" absence statements and will be considered truant. When a student returns to school after a truancy or unexcused absence, the time missed must be made up before or after school. The student will receive I's (Incompletes) on the grade card until the time is made up. If truancy continues, the parents will be contacted by the Regional Superintendent's Office who will take further action against the parents and student in order to bring about regular attendance.

STUDENTS LEAVING SCHOOL GROUNDS DURING SCHOOL DAY (TRUANCY)

Any student who leaves the school grounds without checking out in the office and being granted permission is subject to discipline. The student will receive I's (incompletes) on the grade card until the time is made up. If this type of truancy continues, additional discipline may be given.

Permission to allow a student to drive away from school will not be given unless a parent is contacted and gives permission. Faculty cannot give permission for a student to drive away from school. This takes effect when students arrive at school and is effective until students are dismissed at the end of the school day.

Leaving school without following proper procedures is a very serious offense. Attendance and student accountability will be strictly monitored and enforced. Any student who walks out of class or school before the end of the school day is subject to discipline. This includes Advisory Hour for all students except those with Early-Bird / Early-Out. Any student who is not accounted for during Advisory is subject to a more severe disciplinary action. In-School Detentions or Suspensions may result from a first-time offense. Since Advisory Period is at the end of the day, the integrity and the purpose of the Advisory must be maintained to make this period productive and accomplish what it is intended to accomplish; Individual and Group Tutoring, Class / Organizational Meetings, Focusing on Assessments, etc. Teachers may give a grade or a rating which reflects a student's productivity. Any grade or rating given to a student for their Advisory Period merely documents student productivity and will not reflect a credit or figure into a grade point average.

EFFECTIVE JULY 1, 2007

State Law – An unmarried person under 18 years of age may have their driver's license cancelled or the Secretary of State's office may refuse to issue a driver's license or permit to an individual who fails to maintain school attendance.

MAKE-UP WORK

The Teacher will designate the make-up work for which the student will be given a grade. Failure to turn in completed assigned work within the designated time limit will result in a "0" for the absence(s).

COLLEGE VISIT

Students planning to visit a college must complete a Student Absentee Permission Form and turn it in 24-hours prior to the college visit. Students must also bring back proof of the college visit provided by the college in order for the absence to be excused. Juniors will be granted 1 college visit. Seniors will be granted 3 college visits.

PRE-PLANNED ABSENCES/FAMILY VACATION

If a student plans to be absent from school due to a school approved function, such as a field trip, college visit, job shadowing opportunity, academic/athletic competition, etc., students will need to fill out a pre-planned absence form and return it to the office for administrative approval no later than 24 hours prior to the date of absence. If a family is leaving on vacation during a time when school is in session, and the parents require that their students go with them, special arrangements must be made with the principal at least one week in advance of the date the student will be leaving with family in order that the students' absences will not be unexcused. Students should get assignments from teachers prior to leaving, and turn in all assignments no later than the second school day after returning. The Student Absentee Permission Form is available in the office or on the district

website and must be completed and returned no later than 24 hours prior to absence. Students will be limited to one pre-planned absence per semester. Please refer to the school calendar when planning these events.

Make-up exams can be allowed if proper procedures are followed when exceptional circumstances exist. This policy and procedure shall also apply when parents give permission for their student to be absent from school for an activity or special event for which they think is worthwhile to be absent from school. See procedures above. Students must obtain the proper form and have it completed as per above procedure and returned to the office three days before the absence.

TARDINESS TO CLASS

Tardies to class, including first hour, will be handled by the office. If the student does not arrive to their assigned classroom before the tardy bell rings they are to report immediately to the office to receive a "Tardy Pass" to enter their assigned class. Upon coming to the office the student will sign in and be issued the tardy pass needed to enter your assigned class.

Discipline for tardies is as follows:

A detention will be issued after the **first 3** accumulated tardies, then **each 3** tardies thereafter.

An In-School Suspension may be issued (or an Alternative Learning Environment may be assigned) after a student receives 3 detentions for being tardy to class.

TARDY/LATE TO SCHOOL

Students arriving to school after first hour due to an unexcused absence will result in an In-School Suspension for the remainder of that day. Failing to check into the office when arriving to school will result in an In-School Suspension the following day of attendance.

If a student continually misses the start of the school day discipline may escalate as the administration deems fit.

STUDENT PASSES

All students in the hallways during class time must be in possession of a written pass or a special made pass.

Students are not to be given passes from any classroom **unless an emergency exists.**

Students may not be given a pass by a teacher to miss another teacher's class, or to use the telephone unless an emergency exists.

A student coming late for a class must have a pass from the teacher they are leaving or be given an unexcused tardy. If a student is leaving the office or the counselor, they should obtain a pass before leaving.

ADVISORY HOUR PASSES

Students seeking academic assistance from a teacher during Advisory must report to that teacher's classroom prior to the start of the Advisory hour. Any student not accounted for is subject to discipline. All students must come to their Advisory class prepared so locker trips are limited to emergencies only.

VISITORS

Student visitors from other schools must make prior arrangements before their visit. In most cases, students from other schools will not be allowed to visit. Of course, this does not include student council exchanges.

Noontime visitors are not welcome and prohibited whether in the building, school grounds, or street surrounding the school area. Parents are welcome visitors at any time, but please report to the office upon entering the building. If a person is arriving at school to pick up a student, they must report to the office or wait outside in their vehicle for the student. All visitors other than those who stop in the office for a brief errand or message will be issued a visitors pass to carry while in the building.

PARENTAL REQUESTS FOR EARLY STUDENT RELEASE

When you have a note which requests early dismissal, no matter what reason, you must present the note to the principal for approval or disapproval when you arrive at school in the morning. If your request is approved, you then show the approved request to your teacher when it is time to leave. Before leaving school, you must come to the office and have the secretary or office help sign you out at the proper time. If your name is not on the sign-out sheet, you will be considered truant and automatically be assigned detention time, in addition to receiving an unexcused absence. We can accept phone calls in case of emergency.

If it can be determined that the student did not do what the early release note requested, the student will be given an unexcused absence. (See also section entitled "Absences/Tardy/Tuancy/Leaving School").

STATE SERIES ATTENDANCE (Sports and other AYAHS Activities)

The following regulations will apply for students if they desire to attend a state play-off, tourney, meet, etc. when school is in session. Attendance as a spectator at any state sponsored series below the state finals level will not be permitted during school time for a student.

Students may attend state finals with an excused absence, which would count as a regular excused absence, with parent permission and arrangements made three days in advance. This will not be a school related absence and students must pay all their own expenses and provide their own transportation. If you are a contestant, all absences are excused and count as school related, and the school will provide transportation and pay expenses as per principal/A.D./coach arrangements. The students making such requests must use the pre-planned absence form and follow pre-planned absence procedures/regulations.

The student and parent assume all responsibility for the student and the students' actions while traveling to and from and in attendance at the event. Student attendance at these activities is not a school or coach sponsored event unless you are an official contestant representing our school.

FUNERALS

No student will be dismissed for funeral attendance unless we have request/approval from a parent or guardian prior to 8:10 a.m. on the day of the funeral. This will not apply when unusual circumstances exist which the office is aware of or it is a funeral of a family member or relative.

EXTRA CURRICULAR PARTICIPATION (IF ABSENT)

Any student who is absent from school the day of an extracurricular event will not be allowed to ATTEND that event, or any other school event that day. The student must attend a day of school before being able to participate in the next scheduled event. However, under certain unusual circumstances, and with an explanation by the parents to the school administrator, the administrators may allow the student to participate if, in his best judgment, it is the fair and/or proper thing to do. Hence, if a student is absent for the day before a vacation day or a "No School" day and wants to participate on that (those) days, a parent/doctor must call the principal/A.D. to explain the absence.

AGGRESSIVE BEHAVIOR POLICY

The Board of Education has determined that a safe school environment facilitates learning. Accordingly, it is the policy of the Board of Education that aggressive behavior of students of the District shall not be permitted.

Aggressive behavior is defined as:

Any behavior that may cause physical or emotional harm to someone else and/or urging other students to engage in such conduct. Grounds for disciplinary action apply whenever the student's prohibited aggressive behavior is reasonably related to school or school activities, including, but not limited to:

If the student drops the drug/alcohol program before completion, or refuses to enroll, he/she will become ineligible for extra-curricular activities and school leadership roles.

Second Offense: The student may be suspended from all extra-curricular activities and leadership roles for 90 school days (1 semester) and must enroll again at the Triangle Center or another board approved school.

Third Offense: The student may be suspended from all extra-curricular activities and

leadership roles for one calendar year.

Detentions are to be served either with the teacher or with the principal as indicated on the form. Detentions may be assigned between 20-40 minutes depending on the severity. Students are issued a copy of the detention that must be signed by the parent / guardian and returned to the staff member who is supervising the detention. No detention may be assigned on the same day that the student has been notified of their disciplinary obligation without parent approval. If the student does not return the signed copy or does not attend the detention as assigned, the disciplinary obligation has not been met (failure to abide by prior discipline) and the student will be assigned an in-school suspension. Detentions may be challenged by the student or parent by contacting the building administrator.

Detention Time Assignments:

Detentions may be served with the teacher who assigned the detention or in the office as marked on the detention form. An alternative learning environment allows for the student to have their schedule altered so the student can focus on solving behavioral or peer-relationship issues that may be identified as being connected to a particular class or individual. This student is not denied any educational services and is allowed to complete any graded work assigned or collected the day(s) they are assigned to serve in an alternative learning environment.

SUSPENSION PROCEDURE

A suspension shall be reported immediately to the parents or guardian by the principal or designee. The initial report may be by telephone or personal message. In-School Suspension

A student assigned to an In-School Suspension is isolated from peer interaction during the school day(s) and will not be allowed to move from class to class with the bells. This student will be allowed credit for any assignments, tests, quizzes, or activities so that the disciplinary action does not impact their grade, however, it must be completed within the same time frame expected of all other students in the class.

Out-Of-School Suspension

A Student assigned an Out-Of-School Suspension is removed from the school grounds for no more

than 10 consecutive school days. Typically, this action is taken when a student's actions have had an impact on the school climate or have been deemed severe or repetitive. This student is given credit for assignments, tests, quizzes or activities collected on the days they have been suspended, and has a day for a day to complete the work. A Student assigned this discipline is prohibited from attending any school activity or allowed on school grounds during the suspension period.

Upon return from any out-of-school suspension a re-engagement meeting will be scheduled for student, parent, and administration.

Expulsion

Only the board of education has the power to expel a student. A student may be expelled for up to 2 years. A school administrator may recommend a student for expulsion for severe misconduct or repeated offenses which establish a pattern of behavior that has not been corrected. CAFETERIA POLICIES & PROCEDURES

Sufficient time has been provided for everyone to obtain lunch and to eat without undue haste. No lunchroom food shall be taken from the cafeteria lunchroom. The courtesy of precedence in the lines will be granted to teachers and guests. To avoid disturbing classes in session, pupils will remain in the cafeteria, main halls, gym, or outside area during luncheon periods.

Breakfast is served from 7:15 a.m. to 8:15 a.m. Lunch prices are mandated by the federal government and may be adjusted annually. Meal prices are \$2.00 for breakfast and \$3.00 for lunch. Extra items and a la carte items cost extra. A list of a la carte items and prices is listed on the school website at www.auburn.k12.il.us. An application for free or reduced priced meals is available in the unit office for those students who are eligible. A copy is also available on the school website. School breakfast and lunch includes five components which may include an entrée, milk, fruit, vegetable, whole grain roll, rice or other whole grain, and a dessert if it is on the menu. Condiments are offered free of charge and a salad bar is available to all high school students. A small salad, vegetable, or fruit from the salad bar can be counted as one of the five components in the standard lunch depending on the student's other selections and number of items selected. If a student chooses any extra items other than the five components listed above, they will be charged extra for those items. For example, if a student chooses lunch with five components plus an extra entrée and a Gatorade then they will be charged \$3.00 for the lunch, \$1.40 for the entrée, and \$1.00 for the Gatorade.

The cafeteria will be a pleasant place for everyone if each person respects the rights of others and observes the following regulations:

1. Take your time getting there and keep your place in line.
2. Cafeteria food must not be taken into the corridors or outside of the building or into the gym.
3. Deposit paper bags, straws, etc. in refuse containers.
4. Return your trays and milk cartons to the soiled dish counter.
5. Avoid undue noise and confusion.
6. Help to keep the dining area clean and attractive.
7. Anyone guilty of throwing food, leaving a mess on the table, smashing milk cartons, etc. will be asked to remain in the lunchroom and clean up the room, plus other disciplinary action may be taken against the student.

8. Any student involved in getting an illegal lunch shall pay for the lunch and may receive a one day suspension. This includes "seconds". The principal may rescind the student's privilege of eating in the lunchroom.
9. You may not move extra chairs to a table.
10. Special rules will be posted and discussed concerning use of the vending machines (covered in another section).

We will use a computerized program for the breakfast and lunch program. All students will be assigned a student ID number which will be utilized to maintain breakfast and lunch charges at school. Parents should pay in advance weekly, monthly, or for any amount during the year. Since running account balances will be kept, parents are encouraged to make payments and check balances regularly during the year to maintain a positive account balance. We strongly recommend online payments through the district website (Family Access) or paying by check to the cashier. Since this procedure was never intended to provide credit, the school will not allow a negative balance to exceed \$5.00. When a \$5.00 indebtedness is reached, the account will be frozen and no additional charges will be allowed. Students will not be allowed to eat breakfast or type A lunch at that point. At breakfast they will be given toast, milk, and juice and at lunchtime they will be given a peanut butter sandwich and a carton of milk until the balance is paid in full. Current balances are available on your child's school account. After May 1, all students who have a negative balance must pay in full and the balance should remain positive. Cafeteria balances can be paid online or a check can be given to the cashier in the cafeteria. Any money left over in the student's meal account at the end of the year, will be carried over to the following year. The campus is closed for lunch hour. Each high school lunch period is thirty minutes in length. The students may bring their own lunch from home or purchase their lunch from the cafeteria. The Board of Education policy states that no student shall be allowed to drive a car at noon. Should the principal have any special noon hour regulations, they will be relayed to the student body via the student council. As students go to lunch, they are not to go through the middle school. Students are to use high school halls only. If any student leaves the school grounds at noon without permission, they will receive disciplinary action.

LUNCH DELIVERIES

Students may bring their lunch to school with them or purchase the lunch prepared at the school. No student is permitted to have lunch delivered to the school without prior permission from a school official / school organization sponsor.

Even though the door to a room may be unlocked, students are not to be in classrooms during the noon hour unless a teacher/sponsor is present.

STUDENT RELATIONSHIP WITH SCHOOL EMPLOYEES

All school employees, not just teachers and administrators, are hired to serve the students. It shall be the duty of the school administrators to see that all employees carry out their assigned duties in the best interests of all students. Likewise, it shall be the duty of all students to show respect for and to carry out all reasonable requests of **all school employees**, whether they be secretaries, cooks, custodians, bus drivers, maintenance personnel, part-time help, etc. Any disrespect, insubordination or disregard for any school employee's requests shall be treated as if that request came from a teacher or an administrator.

SEX EQUITY POLICY

It is the policy of Auburn Community Unit School District #10 that its educational and extracurricular programs, activities, services and benefits will be provided to students without discrimination on the basis of sex and that no student shall, on the basis of sex, be limited in the exercise of any right, privilege, advantage or opportunity.

Auburn Community Unit School District #10 does not discriminate on the basis of actual or potential marital or parental status, and no student in the district shall be subjected to sexual intimidation or sexual harassment by any school employee, by other students, or by the effect of any school policy or practice.

The district will also comply with federal and state equal employment opportunity requirements. Questions or concerns should be directed to the principal.

--Grievance Procedure:

Should an individual feel he or she has been denied access to some aspect of the school operation because of sexual discrimination, the individual should first discuss the situation with the person in charge of that particular program. Should this fail to provide a satisfactory solution, the following steps should be utilized:

1. The individual or group of individuals should first discuss the situation with the Principal. The Principal will make every effort to resolve the complaint at the building level.
2. If the problem is not resolved at the building level, then the complaint may be lodged with the Title IX representative listed below. For this level the complaint must be submitted in writing, must state the nature of the complaint, indicate the specific clause or clauses of the Title IX guidelines, which allegedly have been violated and state the name, address, and phone number of the grievant(s).
Superintendent of Schools
606 North Street
Auburn, IL 62615
3. If the complaint is not resolved with the Superintendent, then the individual(s) may appeal directly to the Board of Education for a final decision.

SEXUAL HARASSMENT

Auburn Community Unit School District #10 will provide for its students an environment free of unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct that constitutes sexual harassment as defined by state and federal law.

No student or employee in the district shall be subjected to any conduct of a sexual nature by any school employee, by any student, or by the effect of any school policy or practice that interferes with a student's educational performance or creates an intimidating, hostile, or offensive educational environment. Violations of this policy shall result in disciplinary action being taken.

SCHOOL NURSE

The school nurse, who serves three district buildings, will be on duty in the High School/Middle School/Elementary buildings during a portion of each day. The exact time will be announced at the beginning of the school year of each building.

The school nurse is in charge of all school health records, maintaining health examination records, and immunization records. At various times, the nurse will arrange for immunization clinics. When students enter or leave the Auburn school district, the nurse shall see that the proper exchange of health records is accomplished.

ILLNESS AT SCHOOL

Any student who becomes ill at school will need to do one of the following two things:

- A. Go to the nurse after being given permission to do so from office personnel. If the nurse sends you home, she will inform the H.S. office. If you need to go home, your parents will be contacted at work or home by the nurse prior to the time you leave the nurse or the school office. If she cannot contact your parents or a guardian, we cannot allow you to go home.
- B. If the school nurse is not available, we will contact your parents to obtain permission for you to go home. Again, if we cannot contact your parents or near relative, we cannot allow you to go home. The principal will use his best judgment in case of an emergency illness or injury.

NIT-FREE GUIDELINES

The Auburn School District follows a Nit-Free guideline. This means any student identified to have head lice must leave school, be treated for lice, and have all the nits removed from the hair shaft before being readmitted to school. Upon return to school, the parent is expected to bring the student and proof (empty bottle) of treatment to the school nurse for a head check to make sure all nits have been removed. If the nurse finds any nits, the student will be sent back home for complete nit removal. The student will be excused from school for two days (the day the student is sent home and next day it the student has to go home for additional nit removal.) After two days of absence for the same occurrence of head lice, the absences will be unexcused. After a student is readmitted to school, the student will be rechecked periodically for reoccurrences.

HEALTH CARDS AND HEALTH EXAMS

Students in K-5-9 grades must bring a completed physical exam form when you register and pay fees, or an appointment card showing that you have an appointment for your physical exam prior to October 15. (Students who do not have a completed exam form or an appointment for a physical exam cannot stay in school.) If the appointment day passes and a physical is not completed the student cannot attend school until the physical exam is completed.

NEW STUDENTS - HEALTH CARDS, HEALTH EXAMS AND BIRTH CERTIFICATE

New students in the district have thirty days from the beginning of the year or date they enter school to get their physical exam and a birth certificate on file.

All students are provided school time accident insurance free of charge. Twenty-four hour coverage and extended dental insurance are available and may be purchased in the school office. In the event of injury, a form is to be filled out by the student as soon as possible after the accident. Any student who does not want to be enrolled in the school insurance plan must sign a release form declining the insurance. No student is permitted to practice sports (including cheerleading) unless they are covered by the school insurance or have a signed release form completed and on file in the office.

INJURY/SICKNESS TO TEACHER OR STUDENT

In case of serious injury or illness to a student or teacher in the school building or on the school grounds, the following procedure should be followed:

PSYCHOLOGIST/SOCIAL WORKER SERVICES

The building principal shall inform all school personnel at the beginning of each school year when these services will be available and the schedule which has been arranged in order to facilitate proper referrals and to make maximum use of this service.

No food or drink shall be taken to a classroom during the school day unless approved by the administration. There will be no classroom parties during the school day unless approved by the principal.

GUM, CANDY, SOFT DRINKS, SIMILAR SUBSTANCES IN SCHOOL

No gum, soft drinks, or candy are allowed in classrooms, or hallways during the school day. Offenses will result in these substances being taken away and not returned and some form of disciplinary action may be taken.

LOCKS AND LOCKERS

A combination padlock may be rented from the school at school cost. All students may have a combination padlock. Rental price will be refunded when you have no further need for the lock, if the padlock is in working condition when it is returned. Stealing does occur, so it is recommended that each student use a lock on his locker. If you do not use a lock, you can expect to lose items from your locker, for which the school district cannot be responsible. Personal locks may not be used. Please place no decals or lettering on the school lockers.

A student may use only the locker assigned to him/her and must keep it locked at all times. A student should not carry large sums of money or leave valuable personal property in your locker. Do not keep food items, soda pop cans, etc. in your locker. They attract bugs and cockroaches. You may store your lunch in a properly closed sack or lunch pail in your locker. We have had theft of student lunches, so keep your locker locked.

In the event of theft from a locker, the Auburn Schools assume no responsibility for personal items which may be taken/stolen from a student's locker.

A student's locker is the property of the school and must be used for purposes intended. It is intended for a storage area for books, school supplies, and wearing apparel. If there is a

reasonable suspicion that the locker contains illegal, dangerous materials, or stolen items, it may be searched with or without the student's knowledge or consent.

FOREIGN EXCHANGE STUDENT GUIDELINES

A foreign exchange student visits the United States, the community of Auburn, and Auburn High School to basically exchange cultural differences.

To make the visit (usually - one school year) successful for all parties involved, we would like to adhere to the following guidelines.

1. Information regarding the foreign exchange student should be available for review at the close of school the preceding year. This gives school personnel an opportunity to review the student's background, his/her transcript, and housing plan.
2. The student should have a good command of the English language.
3. The exchange student, upon completion of the school year, will receive an achievement certificate at graduation and a transcript of coursework, grades, and credits (as needed). A diploma will not be awarded because the primary focus of the exchange is cultural and not academic and because the difference in secondary education structure, coursework, and content make certain ties in elective and required coursework equivalency highly speculative.
4. "Foreign exchange students will not normally be scheduled or granted permission to take Driver's Education class."

PESTICIDE APPLICATION

The Auburn School District has monthly pesticide application after school hours. If you wish to be notified before a pesticide application, please contact the High School Principal.

Lost articles are not the school's responsibility, but we will do all we can to help a student locate lost items.

These materials must be paid for at the time the project is started and the materials then become property of the student. The instructor and all other personnel will do all we can to prevent damage to or theft of a student project, or help apprehend anyone involved in such action. However, neither the school nor the instructor can be totally responsible for a student's project after it is purchased, materials cut, glued, styled, etc.

Students who engage in such activity will be punished to the full extent of the law and school regulations.

PHYSICAL EDUCATION LOCKS

Each student in physical education is provided with a locker and a combination lock. A rental fee is charged to each student for lock use. The fee will be refunded if the lock is returned in good working condition. The principal will designate time for the return of all locks. Please use your lock at all times or you can expect theft of your personal items.

PHYSICAL EDUCATION UNIFORMS

The Board of Education has adopted the policy of providing gym suits for high school girls and boys at a nominal cost to all students. These are the only uniforms which will be allowed to be worn in the P.E. classes. Students who move in to the Auburn District during the school year will be given thirty days to obtain an Auburn School P.E. uniform. These suits for both boys and girls have been purchased at wholesale prices and are of good quality. If they are properly cared for, these suits should last at least two or three years. Students must mark all their P.E. equipment (gym shoes, uniforms, towels, etc.) with their names in indelible ink or some other type of waterproof marker to aid in the prevention of their theft and making it possible to return gym suits to the proper owner. Students who do not dress for P.E. for any reason will be taken to study hall by the P.E. teacher. P.E. grading regulations for not dressing will be in force. P.E. uniforms in whole or in part are not to be worn in the halls or classrooms unless otherwise instructed by school personnel.

P.E. EXCUSES

A student may be excused from P.E. for illness/injury for one (1) day by the principal/teacher. A student may be excused from P.E. for an illness/injury by a written note from parent or guardian for a maximum of two (2) days per quarter. The note must contain current date, name of student, reason for the dates for which the request is to cover, and be signed by a parent/guardian. Such two (2) day note cannot be renewed for consecutive periods of time by the parent/guardian. A student may be excused for more than two (2) days from P.E. if the student brings a note from a

licensed medical doctor, a licensed chiropractor, or a licensed osteopath. Such note must be addressed to the school, be written on the practitioners stationery or office form and contain the current date, reason for excuse, length of time for which it is valid, and contain any special information if it is a limited activity excuse.

PHYSICAL EDUCATION STUDENT IN HALLS

Physical Education students shall remain in the gym or dressing room while waiting for the bell to end class, or in the area for their activity during class time. Physical Education students are not to use the east or west wing rest rooms or drinking fountains during class time.

PHYSICAL EDUCATION EXEMPTION POLICY FOR JUNIORS AND SENIORS

It shall be the policy of District #10 that students in grades 11 and 12 may request exemption from physical education for the following reasons:

1. The student is determined to be participating in interscholastic athletics, cheerleading and/or marching band as certified by the appropriate district personnel.
2. The student provides written evidence from an institution of higher education that a specific course not included in existing state or local school minimum graduation standards is required for admission. School district staff must verify that the student's present and proposed schedule will not permit completion of the needed course.
3. The student lacks sufficient course credit or one or more courses required by state statute or local school board policies for graduation. Students who have failed required courses, transferred into the district with deficient credits or who lack credits due to other causes will be eligible to apply for this exemption.

Each request for exemption from physical education instruction is to be verified and eligibility determined on a case-by-case basis by school district staff. Every student excused from physical education course requirements will be provided with a schedule which meets minimum school day requirements.

Approvals of exemptions will be for one semester only, but may be renewed for additional semesters if circumstances warrant. Students will be allowed to complete any course which they are allowed to enter into as a result of this policy, unless discipline procedures cause removal.

Each request will be considered on an individual basis and documentation maintained in the student's file.

GRADING POLICY FOR JUNIORS AND SENIORS TAKING P.E. EXEMPTION

If a Junior or Senior athlete chooses to option out of physical education during their sport season and misses more than one-half of the days in P.E. for any one 9-week grading period, then their grade for that 9-weeks as well as the entire semester will be handled on a pass/fail basis and will not count toward their GPA.

Once a student chooses to option out of P.E., they may not return to physical education class until the end of the sport season unless they quit or are dismissed from the team in which case the number of days of participation during that 9-week grading period will determine if a pass/fail or letter grade will be issued. This same policy will apply to students who are out of P.E. on medical exemption.

ATHLETIC CONTEST BEHAVIOR

Below are listed some rules for Auburn High School, Middle School, and Elementary School students about behavior and requirements while in attendance at basketball/volleyball games in the Auburn gym.

1. Do not stomp on the bleachers. Cheerleaders, we need your help in enforcing this rule with our own fans as well as informing the opponent's cheerleaders prior to the game.
2. Students must remain in the gym and in the bleachers during the game. Only concession workers and band members may leave early to go to their work assignments, if necessary. The concession stand is not open to students when the game is going on.
3. No drinks are allowed out of the cafeteria. (NOT EVEN TO THE HALLS)
4. NO WHISTLING - This is confusing to the players and the referees and is very upsetting to the fans around you.
5. Running, sliding, and horseplay in halls cannot be tolerated at any time when you are in the building.
6. If you leave the building during a school activity, you cannot return. If you have an emergency, talk to the person in charge of supervision for that activity to explain your

problem.

The principals or game supervisors will ask you to leave the building and not return if you violate these rules. Student conduct at interscholastic activities is still governed by school policy and handbooks. Violations at these events can and will result in school penalties. Please be reminded that the principals and supervisors cannot always control the visiting crowd, but mostly the visitors will act according to the example that we set. Appropriate behavior is expected of Auburn students at both home and away contests.

In addition, due to recurring problems the following rules and guidelines will be in effect at football games at the Auburn football field:

1. Elementary and middle school students must have adult supervision to be admitted to interscholastic games, activities, etc.
2. Auburn students are to stay on the Auburn side of the spectator area and are not to be inside the fence that borders the track.
3. At home football games, students are not allowed to play pick-up football games, etc. These have occurred usually in the northwest and southeast corners of the field. Several injuries and problems have occurred in the past.

The principals or game supervisors will ask you to leave the football field area and not return if you violate these rules, and as stated above, student conduct at these events is still governed by school policy and handbooks and violations can and will result in school penalties.

TRIP/ATHLETIC TRIP BEHAVIOR

Field trips and athletic trips are an extension of the classroom and Auburn Schools.

Behavior/conduct must be the same as if the student is in the school. Discipline and disciplinary measures will be administered accordingly.

FUND RAISING POLICY

There will be no direct solicitation of the general public to sell fund raising articles except for the Freshmen Fundraiser, and the Sophomore Fundraiser. All other fund raising activities must be restricted to and within the confines of the school building. Sales time then will be limited to before school, noon hour, after school, and at school sponsored events at which sales tables may be set up. Each organization will be allowed one (1) fund raising activity per school year. All fundraisers must be scheduled through the principal's office and place on the school calendar.

Any fund raising activity which doesn't fall within the procedures described in the paragraph above must be presented to the school board for approval one (1) month prior to the intended sales time.

Fund raising representatives must report to the office before visiting with staff/students about their projected fundraiser. Students and staff should ask sales personnel if they have cleared through the office. No fundraisers, through the school, to raise money to be spent for the benefit of individuals to send students to camps (sport, music, etc.) will be approved.

Fundraisers are reserved for duly authorized school organizations and the money earned must be spent for a purpose of project which benefits a large segment of the school population. Athletic teams as such will not be authorized to have fundraisers. Letterman's club shall serve this need.

LIBRARY MEDIA CENTER RULES

In order for the library to be used effectively by the students and teachers of Auburn High School, certain rules are necessary.

General Rules

*Students may come to the library during Advisory. They must sign in upon arrival.

*Students may also come to the library to do specific work with a pass signed by a teacher. The pass must be presented to the librarian.

*Students are expected to work quietly while in the library.

*Food, drinks, and gum are not allowed.

*Students will receive two warnings for violating the above rules and procedures. After that time, library privileges will be restricted.

Circulating Collection

All books on the open shelves may be checked out for two weeks. They may be renewed. All books taken from the library must be checked out by the librarian. Students may have a maximum of two books checked out at any one time. Students working on research projects may be allowed

to check out additional materials.

Interlibrary Loan

Students have the opportunity to borrow books through Illinet Online and the Heartland Library System. Students wishing to use this resource should request materials at least 1 week before the materials are needed. Most interlibrary loan materials may not be renewed. Interlibrary loan materials should be returned directly to the librarian.

Reference Books

Reference books include encyclopedias, dictionaries, atlases, and other resources. These materials may not be checked out of the library without special permission from the librarian. With permission, reference books may be signed out for a class period. Students may check out reference materials for overnight use after school. These materials must be turned in before school the next day.

Fines

Overdue fines are charged at a rate of ten cents (\$0.10) per day. Fines are not charged for weekends and holidays.

Borrowing materials from other libraries is a privilege; therefore, fines for interlibrary loan materials are fifty cents (\$0.50) per day, not counting weekends and holidays.

On overnight or reference books, the fine is ten cents (\$0.10) per period.

If a student loses a book, the student should report the loss to the librarian immediately. The student must pay for the replacement of the lost material.

Magazines

The magazines displayed in the magazine rack in the library are the current issues. These magazines may not be taken from the library. Issues from the current school year are available in the library. The librarian will retrieve these back issues for students. If the library does not have a particular magazine, every effort will be made to secure the article through interlibrary loan or through a database. Past issues of magazines do not circulate.

Computers and the Internet

A number of computers are available in the library for students to use for school and research purposes. These computers have access to the Internet. All students will be expected to follow the District Internet Usage policy. Students may print information from the computers with permission from the librarian. The library computers should be used for school-related activities.

Databases

The Auburn High School library currently offers students access to online databases. These databases provide access to full-text articles, pictures, videos, transcripts, and a variety of other types of information. Students may access the databases either from school or from home with the appropriate username and password. Information on the databases may be obtained from the librarian, and links to the sites are available on the school library web page.

Online Catalog

The Auburn High School library uses Library World to facilitate use of the library and library materials. Library World is a web-based computer database that allows students to search library records to locate the materials they need. A link to the Library World online catalog is available on the library website.

Using the Library

To make library materials easier to locate, books and materials are shelved systematically. Fiction materials are shelved alphabetically by the author's last name. Biographies are shelved alphabetically by the last name of the subject of the book. Nonfiction materials are arranged according to the Dewey Decimal System, which divides materials in the following order:

001-099 Generalities, Information, Computer Science
100-199 Philosophy and Psychology
200-299 Religion
300-399 Social Science
400-499 Language
500-599 Natural Science
600-699 Applied Science and Technology
700-799 The Arts and Recreation
800-899 Literature

2. The safety of the students and their adequate supervision.
3. All participants must have parental permission.
4. That final plans be submitted to the principal for approval thirty (30) days prior to the trip. Final approval shall rest with the school board.
5. No student is restricted in his/her participation because of cost of the trip.
6. Transportation shall be restricted to school vehicles.

To participate in the Senior Trip, the following must be satisfied:

1. The student must be in "Good Standing" with no outstanding disciplinary obligations.
2. The student must not be in jeopardy of graduating.
3. The student must not have had any suspensions during the second semester of school.

This rule (#6) may stand alone or may be used as a deciding factor if any of the first five have been placed into question.

EARLY-OUT for EARLY-BIRD SENIORS

Senior students who are taking advantage of Early-Bird / Early Out must make their own transportation arrangements to meet their schedule.

Seniors who attend EARLY-BIRD class are dismissed at 2:42 during ADVISORY HOUR. Early-bird students may stay during Advisory Hour if:

Students who are habitually tardy or truant from an Early-Bird class may be subject to having their schedules changed to eliminate the privilege of Early-Bird / Early-Out. This may result in being dropped from an elective to place P.E. within their school day.

Senior Pictures for Yearbook

Senior pictures for the yearbook will be taken by a photographer who has been selected by school personnel. Time for pictures will be arranged between the photographer and the students. Seniors will have pictures taken for I.D. purposes when the all-school pictures are taken in the fall. Pictures for the yearbook must be taken by the selected photographer. A senior may elect to not have his/her picture in the yearbook.

Senior Announcements and Name Cards

The ordering of caps and gowns will be handled each year during the first semester by the senior sponsors. The rental and/or purchase fees for the gown and purchase fees for tassels, caps, etc. must be paid by the student. If a student does not pay for the cap and gown by the required

deadline date, they are on their own to make the order.

Music Awards

Students are given 1 credit for satisfactory participation in each activity. This means that a student in our band for four (4) years would receive four (4) full scholastic credits. The same is true in chorus. In addition to this scholastic credit, students in music are able to earn other awards. Consult with the music teachers for that information concerning these awards.

Principal's Academic Awards Luncheon

An Academic Awards Luncheon will be held at the end of the school year for any senior that has achieved a minimum 3.5 grade point average during the first 7 semesters of their high school career and has not missed more than 12 days of school in any one year of their high school career.

Athletic Awards

The Athletic Awards are given in all sports sanctioned by the school board. Students have definite requirements to fulfill before they can receive an award. Please consult with the Athletic Director or coaches for requirements. These awards are made at special events during the school year or at the all-school awards evening in May. (See Athletic Handbook)

D. A. R. Winner

The D.A.R. Award is presented to a senior girl for outstanding achievement in citizenship, cooperation, leadership, and scholarship. The senior class nominates three girls, and then the faculty votes on those three girls. The girl receiving the most votes from the faculty is the D.A.R. winner.

This award is sponsored by N.H.S. and a student is selected for this honor monthly by a joint faculty/student committee. The winner is presented with a medal.

AWARDS AND HONORS

Various awards are presented annually the latter part of May at an Academic Awards Night. These awards may be given in any subject matter area. Other awards may be given with the approval of the principal. The teachers are encouraged to give awards for their departments.

PRESENTATION OF AWARDS

No awards will be presented at any awards activity or ceremony unless it has been cleared and received prior approval by the principal or person in charge of the activity/event.

All awards at graduation are presented by the school administrators or school board. If an organization has an award to be made, they must contact the school principal three (3) days in advance of graduation. The school administrator will make the presentation.

NATIONAL HONOR SOCIETY

One of the highest awards a student at Auburn High School can receive is to be elected to membership to the Auburn Chapter of the National Honor Society. A student may not be elected to membership until he or she is a sophomore, junior, or senior. Membership is based on scholarship, leadership, service, and character during their high school career. A point system is used based on national standards to assist in determining those who excel in leadership, service, and character. All students must have an overall scholastic average of 3.5 to be considered as a candidate for membership. All members must maintain a 3.5 G.P.A. each semester to remain in good standing. If a 3.5 G.P.A. is not met, the student will be placed on probation and he/she will have the next semester to achieve a 3.5 G.P.A. for that semester. If the student's grade point average is below a 3.5 for the second consecutive semester, he/she will be dismissed from National Honor Society. A student dismissed for grade point average may re-apply during the regular spring application period if the GPA is back to a 3.5 average.

TRANSFERRING CREDIT

Credit earned at an institution other than Auburn High School may be applied toward graduation requirements if the institution at which credits are earned is accredited by the State Board of Education or the equivalent agency if the institution is out-of-state. Such coursework must be approved by the guidance counselor and principal and may not be used generally in lieu of regular courses offered by the high school.

GIFTED

Students who have been identified as gifted are encouraged to select advanced level classes as part of their educational program.

GRADUATION POLICY

All students enrolled at Auburn High School must register in such manner so as to meet all graduation requirements as outlined in the section of "Graduation Requirements" in the student handbook.

Students must complete eight semesters at Auburn High School or at another recognized high school. Students must be enrolled the last full semester at Auburn High School. Seniors must fulfill all graduation requirements before they will be allowed to participate in the graduation ceremony.

There is no early graduation at Auburn High School. However, if a hardship case exists or extenuating circumstances exist, a student may apply to the school board for approval of early graduation at the end of seven (7) semesters of attendance. The following procedures or requirements must be met:

1. A request must be received by the principal's office prior to Dec. 1st. This request must be in the form of a letter, giving full explanation of the hardship or extenuating circumstance. The letter must be signed by the student and parents/guardians.

2. Any clarifications or further explanations concerning the contents of the letter that are requested by the principal's office must be provided within one week of the request.
3. The student must have filled all requirements for graduation as set forth in the board policy except for the eighth semester of attendance, and the eighth semester of P.E.
4. Early graduates will sever all relations with the high school and will be considered as an alumnus. This means, among other things, that the student will not participate in the graduation ceremony with the class at the close of the school year.

DRIVERS EDUCATION/STATEMENT OF REQUIREMENTS

Driver Ed is placed in the schedule at Auburn High School as a freshman/sophomore subject. Other students may be enrolled upon request provided they are at least 15 years of age prior to the beginning date of the semester and that space is available in the class. If more students request driver education than space available, all eligible students will be selected on the basis of oldest to youngest.

In accordance with state law, only students who have received a passing grade in at least eight (8) courses during the previous two semesters will be allowed to enroll in driver education. Courses will be defined as those same courses used to figure GPA (grade point average). A student who does not meet the above requirement may make application to the Superintendent for a waiver. Applications may be obtained from the guidance office and must be turned in during the first 5 school days of the semester in which the student is requesting enrollment.

The basic state/school requirement for a student to receive completion credit for driver's ed. is satisfactory completion of a minimum of thirty (30) hours of classroom instruction and six (6) hours of satisfactory behind the wheel training with a qualified instructor.

A student may not be given completion credit at the end of the six hours B.T.W. period if the instructor feels that there is a real need for further instruction.

REPORT CARDS

Report cards are issued each nine weeks on Friday (usually) following the close of the nine week period. Report Cards can be viewed by Skyward Family Access, by e-mail, picked up by a parent or guardian in the office, or a copy will be mailed upon receipt of written request to the Principal. Any problems concerning grades on report cards by either student or parent should first be brought to the attention of the teacher. If a problem still exists, then contact the guidance department or the principal. Parents/students should not contact board members or the Superintendent concerning grades. If the problem cannot be resolved with the teacher, guidance counselor, or principal, the parent/student may request to be placed on the board agenda for the next board meeting. Requests should be made through the principal's office.

HONOR ROLL

Each nine weeks an honor roll is computed for Auburn High School. In order to attain membership on the honor roll, a student must have an average of 3.0 with no grade below a C. Honor roll status will be recognized as follows:

Straight "A" (4.0) High Honors (3.50-3.99) Honors (3.00-3.49)

SEMESTER EXAMS

Examinations are scheduled at the end of each semester for all students in all courses. All teachers must give a semester final exam. The exam should be comprehensive from work covered throughout the semester.

The semester exam shall count one-fifth (20%) of the semester final grade and the two nine (9) weeks grades shall each count two-fifths (40%) of the semester final grade.

Semester exams for students who enroll at Auburn high School during the semester shall be tested on materials covered since their enrollment.

A student cannot ask the instructor to give the exam at an earlier or later date or change the exam schedule in any way without written approval of the principal. If an instructor wishes to change the date a semester exam will be given, this must also be cleared in advance with the principal.

Students not taking an exam for any given period must stay in their scheduled class; not walking around the building or school grounds. Semester exams for students who enroll in Auburn schools during the semester shall be on materials covered since their enrollment.

SEMESTER AVERAGE GRADE STANDARDIZATION PROCEDURE (FOR STUDENTS NOT TAKING SEMESTERS)

Semester Grading Scale Including Semester Exam

When including the semester exam, we use a 40%, 40%, 20% system for the semester grade. This is figured using the following formula:

$$0.4*(\text{Quarter 1}) + 0.4*(\text{Quarter 2}) + 0.2*(\text{Semester Exam}) = \text{Semester Average}$$

e.g. $0.4*(81) + 0.4*(88) + 0.2*(77) = 83\%$

Semester Grading Scale Excluding Semester Exam

When figuring the semester grade **NOT** including the semester exam we use a 50%, 50% system to average the two quarters together.

$$0.5*(\text{Quarter 1}) + 0.5*(\text{Quarter 2}) = \text{Semester Average}$$

e.g. $0.5*(78) + 0.5*(88) = 83\%$

GRADING SCALE

ALL COURSES will use the following scale:

| | |
|----------|---|
| 90 - 100 | A |
| 80 - 89 | B |
| 70 - 79 | C |
| 60 - 69 | D |
| 0 - 59 | F |

PRE-REGISTRATION FOR THE NEXT SCHOOL YEAR (Completed in February/March)

In late winter/early spring, the guidance counselor will be in contact with all students concerning pre-registration for the next school year. This includes the present year's 8th graders. Students will have an opportunity to see a list of all courses to be offered and to discuss with the counselor their choices, ask for his advice or opinion concerning their choices and their long range plans. The counselor will also involve the parents in this process should the student desire or if the counselor believes advisable. At this time of year, all students are encouraged to get a pass from advisory or make an appointment to visit with the counselor concerning their course of study and long range career plans.

The counselor will see newcomers, or move-ins, at any time during their study hall periods or early June or early August to complete their registration for courses.

SCHEDULE CHANGES

Students may come in at any time after pre-registration and discuss changes in their selection or to get advice from the counselor. Any schedule change requests after the established time, the first five days of each semester, will need administrative approval and must be related to meeting an IEP or an over-looked graduation requirement.

SITUATIONAL EARLY DISMISSALS

Even though attendance and participation are key factors in student achievement, it is also

necessary to consider other factors and/or situations in the overall make up of a student and his/her ability to achieve. The Board of Education recognizes this and realizes that there is a need to look at remedies for these situations.

District students who show evidence of a need may, upon evaluation and recommendation of the administration, be allowed to re-arrange their schedule, where feasible, to lessen any burden which could prevent or circumvent their achievement. Reasonable accommodations shall be made, where possible, and each incident shall be considered on an individual basis.

In no way shall this be construed to mean that every request will be treated in the same manner. Similar circumstances will be reviewed and each decision will be made in accordance with the current situation. All decisions will be non-precedent making.

All avenues of remedy will be explored and the remedy which best serves the situation will be the one used for that particular case. In the interest of the student, all persons involved will be given an opportunity to have their input considered in the decision. It is important to remember that the best interest of the student, and their ability to achieve, is what takes precedence. With this in mind, if a course is dropped after the schedule change period at the request of a student with parent permission, the student will be assigned a study hall in place of the dropped class and will also be assigned a withdrawal failing mark for that semester in the dropped class.

REGISTRATION INFORMATION FOR STUDENTS AND PARENTS

The following information is designed to guide student through the registration process each year. Wise planning begins with an understanding of what your high school education is worth to you, an awareness of your own educational and job goals, and a serious effort to start planning for your future. Discuss your goals and course selections with your teachers and parents; their advice is worth seeking.

The guidance counselor is available for educational, vocational, or personal counseling with both students and parents every school day from 8:00-3:30. Come in or call the guidance counselor at 438-6817.

ADMISSION REQUIREMENTS AT PUBLIC COLLEGES AND UNIVERSITIES

Improving the preparation of students for success in college, increasing the number of potential students who are appropriately prepared for baccalaureate studies, and expanding the choices of programs and majors that are available to college-bound students are major goals for both secondary and postsecondary education in Illinois.

In 1983, in response to concerns about significant increases in the need for remedial coursework among students entering postsecondary education, the Board of Higher Education began a study of admission requirements at Illinois public universities. The Board concluded that the adoption of minimum subject requirements for admission to baccalaureate programs was necessary to improve access to public post-secondary education and to increase chances for success in college for Illinois students.

In 1985, the Board of Higher Education adopted the following minimum high school subject requirements for admission to public universities and to baccalaureate transfer programs at community colleges:

- Four years of English (emphasizing written and oral communications and literature)
- Three years of social studies (emphasizing history and government)
- Three years of mathematics (introductory through advanced algebra, geometry, trigonometry, or fundamentals of computer programming)
- Three years of sciences (laboratory sciences)

CREDIT RECOVERY COURSEWORK

A student may, for graduation purposes and with the permission of the counselor and principal, apply up to a maximum of two (2) high school credits earned by extension (correspondence) coursework. Any courses taken by correspondence must be approved in advance by the counselor and principal. All costs involved are the responsibility of the student and his/her parents. Similarly, any credit recovery coursework taken during summer school/night school must be pre-approved by the counselor and principal, and is not included in the two (2) high school credits earned by extension coursework. In any event, all such credit recovery coursework will be assigned a pass/fail designation for credit purposes based on the grade received for the course(s). (SEE ALSO: GRADUATION POLICY)

Auburn Community Unit District #10 does not award high school courses credit for proficiency testing, military experiences, life experiences and other non-formal educational endeavors.

NO-CREDIT COURSES

Courses taken for no-credit at student request will be approved or denied at the discretion of the counselor.

INDEPENDENT STUDY

Independent Study is any special course established for an individual student. A course of study may be established to meet special needs of an individual with agreement between the student, counselor, and faculty member. The principal will have the final approval after all details are worked out.

Valid reasons for establishing an independent course would be:

1. Special talent that could be enhanced by advance work beyond the normal schedule classes;
2. The need to develop skills for immediate employment;
3. Special interest in an academic area in which no class is available to the individual. Students may only take one independent study class each semester. The independent study terms and conditions (contract) must be written out in cooperation between the instructor and the student. The terms and conditions must be signed by the parent/guardian, counselor, teacher, and principal. A copy of the contract for the course must be filed with the principal at the beginning of the course. Grading and credit to be given will be reviewed and established at the end of the semester. Each student will be personally responsible for fulfilling the contract that has been developed. Students must have at least a 3.25 average in the department which they take the independent study course. Independent study is limited to seniors. Students must have a completed contract before being put into the independent study within the first 5 days of the semester.

TEXTBOOK LOAN PROGRAM

Auburn High School does participate in the loan of secular textbooks in accordance with Public Act #79-961 of 1975. Student request forms are kept on file.

TRANSPORTATION/BUS POLICIES

Regular Bus Service

In accordance with the School Code, free transportation to and from school shall be provided to all students living more than one and one-half (1 1/2) miles from their school. Students living less than one and one-half (1 1/2) miles from their school shall not be provided free transportation. Any deviation from this policy must be approved by the board of education.

Student Conduct on Buses

While the law requires the school district to furnish transportation, it does not relieve parents of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

Once a child boards the bus, and only at the time, he or she becomes the responsibility of the school district. Such responsibility shall end when the child is delivered to the regular bus stop at the close of the school day.

In view of the fact that a bus is an extension of the classroom, the School Board requires children to conduct themselves on the bus in a manner consistent with established standards for the classroom behavior.

School bus riders are under the jurisdiction of the school bus driver while on the bus, unless the Superintendent, Principal, or School Board has designated some other adult to supervise. Students are expected to follow the item of conduct listed herein which will make for safe and pleasant riding conditions.

1. Stay off the road while waiting for the bus.
2. Be on time at the designated school bus stop.
3. Do not move toward the bus until it has come to a complete stop. Stay back 10 feet until the bus has stopped.
4. Do not leave your seat while the bus is moving. Do not switch seats or run on the bus.
5. Remain in the bus in the event of a road emergency until instructions are given by the driver.
6. Keep head and hands inside the bus at all times.
7. Do not throw anything out of the bus windows.

8. Do not throw refuse on the floor.
9. Avoid loud talking and shouting or unnecessary confusion.
10. Be absolutely quiet when approaching a railroad crossing stop.
11. No tobacco in any form is allowed on the bus.
12. No eating on the bus.
13. No animals are allowed on the bus.
14. Keep all articles out of the aisles.
15. Care for the safety of smaller children and those who may be ill.
16. Never tamper with the bus or any of its equipment.
17. Be courteous to others, and start your day with a "Good Morning" and leave with a "Thank You, Good Night."
18. Do not ask the driver to stop at places other than the regular bus stop.
19. Where it is necessary for a student to cross the highway, proceed to the front of the bus on the right shoulder of the highway where oncoming traffic can be seen in both directions. Then, wait for a signal from bus driver permitting you to cross. He, too, is watching for your safety.
20. Observe the same rules on other trips under school sponsorship.
21. Do not harass, push, or shove other students.
22. Swearing and vulgar language will not be condoned.
23. The emergency door must be used for emergency only.
24. All directions given by the bus driver are to be followed.

BUS DISCIPLINE

1. The bus driver will warn you and give the principal a bus referral report.
2. A copy of the referral will be sent to the parent.
3. Disciplinary action will be taken by the principal that may include suspension from the bus.
4. In the case of a suspension from the bus, parents must provide transportation during the time of the suspension.

EXTRA-CURRICULAR SPORTS BUS TRIPS CONDUCT

1. Conduct on the buses shall be the same as in any classroom, teacher supervised situation. That is, it shall be exactly as the teacher/coach directs (as opposed to "total freedom, no discipline from the teacher").
2. When the bus arrives back in Auburn from an "away" trip, the bus driver and sponsors shall not let anyone off the bus until all papers, heavy dirt are thrown into a sack or box. Each rider cleans up around his own seat and the bus supervisor/coach shall see that it is done before the bus is emptied.
3. At no time shall a coach or supervisor allow any student to climb over the bus seats, stand on or step on the bus seats whether with shoes or without shoes. No student or player shall or be allowed by a supervisor to sit on the back of a bus seat--it is dangerous for the student and it breaks the backs of the bus seats.
4. The bus supervisors/coaches must not allow things to be thrown on the bus and especially during football/baseball trips--mud and tape, etc.
5. On athletic trips or extra-curricular trips, all students must stay in their seats when the bus is under way.
6. It must be absolutely quiet as the driver approaches all railroad crossings.
7. Windows down, vulgar language and gestures are condemned and must not be allowed.
8. The bus driver is to put a note in the building principal's mailbox if these bus rules are not adhered to--giving names of students and supervisors/coaches involved. If severe enough, a demerit shall be written.
9. No animals shall be allowed on buses or vehicles authorized for school use.
10. The emergency door must be used for emergencies only.
11. All students will ride the scheduled bus unless emergency conditions exist, and proper clearance has been received from the principal or chaperon in charge, and bus riding variance form completed.
12. All students must ride to and from extra-curricular activities on the transportation provided by the school district. The only exception allowed is when the parents see the coach/sponsor in person and request that their student ride with the parents.

Permission may be granted to ride only with your own parents.

Reports of misconduct on extra-curricular trips shall be made by the bus driver and sponsor.

SPECIAL USE OF SCHOOL BUSES

Educational Field Trips

A field trip is a trip off school grounds taken in connection with the work of an organized class or

activity. The school board considers field trips and excursions planned for specific educational purposes, an integral part of the school program. All field trips are to be planned with and approved by the principal.

Administrative regulations shall be set up to assure:

- A. The educational value of the trip or excursion and its direct relationship to on-going classroom instruction. The sponsor must submit request for field trip on school district form.
- B. The safety of the students and their adequate supervision.
- C. That all participants have parental permission. Signed parental permission slips shall be in the hands of the faculty sponsor before permitting students to participate in a field trip.
- D. That all trips and arrangements for them have two (2) weeks advance approval of the school principal.
- E. That uniform request procedures are followed.
- F. That no school field trips or excursions be of an overnight nature. Exceptions can be approved in case of necessary involvement of our students in curricular, extra-curricular, or organizational activities.
- G. That the field trip does not interfere with the regularly scheduled transportation of pupils to and from school.
- H. That the field trip will not force extreme problems in the total educational program of their building.
- I. That transportation shall be restricted to school vehicles or vehicles approved by superintendent or principal or school board.
- J. Students absent from school due to a field trip, athletic contest, etc., are responsible for homework, tests, and quizzes as assigned. It is the responsibility of the student to make arrangements for such make-up.
- K. All trips away from the school must be under supervision of a teacher, and in addition, there shall be an adequate number of adult supervisors as determined by the principal.
- L. Any field trips not meeting the rules and regulations hereby set forth must have the direct and previous approval of the Board of Education.

Non-educational Field Trips

Non-educational trips or trips for general cultural betterment shall be provided bus service on approval of the school principal, the superintendent, or school board. Such trips shall not be taken during school time and shall be paid for entirely by the sponsoring organization or the students attending. Requests must be made at least two (2) weeks in advance of trip.

Non-rider Students Request to Ride on a Regular Daily Run

If an emergency arises and a student needs to ride a bus and is not a regular rider on that bus, the student must:

- A. Present a request note from the parent to the bus driver, if it is a request to ride in the morning.
- B. Present a request note approved by the principal, to the bus driver if it is a request to ride in the evening.
- C. The driver may refuse if adding the student to the bus will overload the bus.

Tours

Inasmuch as community organizations and faculty members as individuals frequently conduct during vacation periods extended tours involving the participation of Auburn students, the school board wishes to state its attitude toward and position on such tours.

First, it is not a reasonable function of the school board to regulate the activities of faculty and students during non-school time. The school board will therefore neither sanction nor prohibit such activities or assume any responsibility for them. However, school time shall not be used by faculty members to promote or solicit for such tour activities.

LEGAL NOTICES

Asbestos Notification

This notice is to notify you that Auburn CUSD #10 has submitted its Management Plan prepared pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA, 40 CFR 763) for the School Facility/Facilities. Copies of the Management Plan are available in the Administrative Office of the school district and in the Administrative Office of each school building. These plans are available for your inspection during normal business hours of the office (Monday through Friday, 8:00am to 4:00pm) and during other times by special arrangement. We request that appointments be made with us to review such plans.

Child Abuse Reporting

Anyone in the state of Illinois, who works daily with children, is under legal obligation to report to the Department of Children and Family Services any suspicion of child abuse. (Abused and Neglected Child Reporting Act {Ill. Rev. Stat.1985 Ch. 23}) It is not the school's job to investigate-we cannot do that. Investigation is the duty of the Department of Children and Family Services. We will call in reports as we are legally obligated to do and as we should do as caretakers and nurturers of children.

No Child Left Behind

As a result of legislation passed by Congress called No Child Left Behind, parent/guardian of each student attending any school receiving fund under Title 1, Part A, may request, and the district will provide to the parent/guardian on request, information regarding the professional qualifications of the student's classroom teachers.

Corporal Punishment

Illinois law now prohibits the use of corporal punishment by school authorities. Teachers and administrators have a legal right to use reasonable force as needed to maintain safety for students and themselves. Teachers and administrators may remove a disruptive student from a classroom and will provide due process to the student.

Lead Contamination

Congress legislated a ban on use of all lead solder and pipe as a part of the Safe Drinking Water Act Amendment of 1986. The language in those amendments requires that all public water suppliers notify their water consumers of the potential dangers of lead in drinking water, and provide information regarding steps consumers can take to prevent ingesting water containing high lead levels. To prevent lead contamination, remember:

- Use only cold water for drinking, cooking and preparing baby formula.
- If water has not been run in your home, school, or business for several hours-overnight, on weekends or during vacation periods turn on the tap and allow the water to run until you feel the temperature change.
- This will remove or flush the water, which has been standing in the pipes, and supply water directly from the public water supply distribution system piping. It is very important that school custodians flush the drinking fountains each morning before children arrive.
- Home softeners should not be plumbed to the cold water, which is used for drinking and cooking. A separate pipe can be installed for cooking and drinking, or the softener can be installed to include only hot water processing.
- Place a glass or pitcher of water in the bedroom or bathroom for small children or members of the family who get up in the night for a drink of water. Store some drinking water in a glass jug in the refrigerator for drinking.

Non-Discrimination Assurance

The Board of Education has adopted policies and procedures that assure students that program access and participation is guaranteed (providing acceptable responsibility is assumed by the student) to all students in the Auburn CUSD #10. This non-discrimination assurance insures equal educational opportunities are offered to students, regardless of race, color, national origin, age, sex, religion or handicap. Questions in reference to educational opportunities may be directed to the Superintendent. While there may be exceptions because of physical or mental conditions, the basic premise is that accessibility is virtually available to all students.

Pesticide and Herbicide Warning

With the passage of Senate Bill 527 regarding the Lawn Care Products, Application and Notice Act (415 ILCS 65/2), all schools are required to provide notice to all parents of their intent to use chemical pest and weed control agents in the building and on the grounds. As a parent, you are also entitled to advance notification of any applications, which are to be made during the school year. If you wish to be notified when chemicals are to be applied within the school buildings or on the ground, you should notify the high school office. Notification should be made in writing and within the first month of each school year.

Release Time for Religious Instruction/Observance

A student shall be released from school, as an excused absence, for the purpose of observing a religious holiday. The parent/guardian must give written notice to the district 5 days before the students anticipated absence. The parent/guardian written notification of the student's anticipated absence shall satisfy the district's requirements for a written excuse when the student returns to school.

Special Needs

Educational programs for children between the ages of three (3) and twenty-one (21) who have special needs will be provided by the local district in accordance with the Rules and Regulations for the Administration of Special Education in the State of Illinois. Auburn CUDS #10 has special education services available. In order to provide these services, our district is a member of the Sangamon Area Special Education District. If your child has difficulty learning, talking, behaving, seeing, hearing, or moving, he/she might be eligible for special services. Our teachers conduct annual screenings to determine if any of our children are having difficulties that would require additional evaluation. If your child were having difficulty, then we would talk with you and request your written consent before conducting a comprehensive case study evaluation.

A few severely handicapped students require services that cannot be provided by public schools and are, therefore, placed in private day programs or residential programs. As the parent of an exceptional child you have certain rights that are safeguarded by state and federal statute. Your rights pertain to records, independent evaluation notice, consent, hearing, evaluation procedures, least restrictive environment, confidentiality, and legal costs. If you have further questions about these rights, you may contact your Auburn school district. You are entitled to a copy of the rules regarding special education upon request.

Dissemination of Records

The school may, without consent of parents, share information regarding permanent and temporary records with other school officials, including teachers within the district who have a legitimate interest and who are involved with promoting the welfare of the student.

The records of the student shall be transferred by the records custodian of a school to another school in which the student has enrolled or intends to enroll upon request of the records custodian of the other school or the student, provided that the parent is unknown, notice may be served upon the record custodian of the requesting school for transmittal to the parents.
