January 4, 2022

You may have seen recently that the Center for Disease Control (CDC) updated their quarantine protocol, reducing Covid positive quarantines for asymptomatic individuals to 5 days rather than 10 days. **Thus far, this change has yet to be adopted by the Illinois Department of Public Health (IDPH) for schools.**

The Illinois State Board of Education (ISBE) recently published a statement saying that schools are to continue following the guidance in place which does not include a reduction in quarantine days.

If your child tests positive for Covid, they will need to isolate for 10 full days. If they are not vaccinated and exposed to someone Covid positive, they will need to quarantine for 14 days from the date of exposure.

Currently we intend to remain learning in-person. Any decision to change to remote learning will be made in cooperation with the local health department.

As cases of Covid have recently increased, please keep your child home from school if they exhibit any Covid symptoms. A list of Covid symptoms can be found at <https://dph.illinois.gov/covid19/about-covid19.html>.

We will continue following the guidance of the IDPH and the ISBE. If you have any questions, please call or visit our website www.auburn.k12.il.us for more information.

Sincerely,

Darren J. Root
Superintendent
Auburn CUSD 10
